A sum of Rs. 14,397/13/- (local Jaipur Coin) is paid as tribute through the state by the 8 Kotries which are under the suzerainty or administrative control of the Kotah Darbar and form part of the Kotah State. A sum of Rs. 866/12/- is received from Khilechipur State on account of "Huzzatwasul" or "Karar Dad" and a sum of Rs. 902/2/4 on account of Tanka from Rajgarh State.*

### Hadas and Hadoti.

*Kotah is a Chauhan Hada State and occupies an important position in the Hadoti or Hadawati, the land of the Hadas*

*The Chauhans are one of the most illustrious of the 36 royal races of India, and among their 24 Shakhhas (Branches) the Hadus are the most important. They trace their descent from the Chauhans of Bambauda, who were an offshoot of the Imperial Chauhans of Ajmer. Rao Dewa, one of the descendants of the Bambauda line of rulers founded the town of Bundi in 1342 in the Bando pass.*

*Kotah came into existence as a separate state about 1676 (Vikram Era) under Madho Singhji, the second son of Rao Ratan of Bundi. Madho Singhji obtained this royal favour in return for the good services he had rendered in the campaign which forced the Imperial Prince (afterwards the Emperor Shah Jahan) to flee from Burhanpur. Bhim Singhji, the sixth ruler of Kotah, who reigned from Samvat 1764 to 1778 considerably extended the boundaries of the State and was the first chief who assumed the title of Maharao with the rank of (Punj Hazari) conferred on him by the Delhi Emperor. He also seized from Bundi the orange coloured banner since then used by the Kotah State, as the State Standard. In the year 1817 A. D. in the time of Maharao Umed Singhji I his famous minister,*

*Zalim Singh, made the first treaty in Rajputana with the British Government on behalf of Kotah and succeeded in getting a supplementary article added to the said Treaty by which the administration of the State was to be vested in Zalim Singh and his heirs and successors as hereditary Dewans. When, however, Maharao Ram Singhji succeeded his uncle, Kishor Singhji, in A.D. 1828, disputes arose between him and his then minister, (Dewan) Madan Singh, the grandson of Zalim Singh, and in the year 1838 A. D. that the Government of India, seeing that arrangement of hereditary ministry was no more workable, decided to separate 17 districts from the Kotah State to be formed into a new principality, named Jhalawar, which was bestowed on Raj Rana Madan Singh, his heirs and successors.*

*The present Maharao Sahib Bahadur His Highness Colonel Sir Umed Singhji II G.C.S.I., G.C.I.E., G.B.E., LL.D who was born on the 15th September, 1873, and succeeded to the Gadi by adoption, in the year 1889 A. D. on the death of Maharao Shri Shatrusalji, is the Seventeenth Ruling Prince of his family and is in his 66th year. On the death of his first wife, the eldest daughter of His Highness the Maharana Sahib of Udaipur, the head of Shisodias, His Highness married the daughter of His Highness the Maharao Sahib of Kutch, of the Jarecha clan of Rajputs. She also died on the 17th July 1933. During her life time His Highness was married to the present Maharani Sahiba, sister of the Thakur of Isarda, a Kachhvaha Jagirdar of Jaipur. She is the mother of Maharaj Kumar Shri Bhim Singhji Sahib Bahadur, born on the 14th September 1909.*

*Under the benign rule of His Highness the present ruler, the State has made considerable progress. In the year 1899, 15 out of the 17 districts which had been separated to form the principality of Jhalawar were restored to Kotah. Roads and communications have been vastly improved and extended. The G.I.P. Railway Branch from Goona via, Baran joins at Kotah the main line of the B. B. & C. I. Railway. British coins and weights have been introduced. Postal unity was introduced with the Post Offices in British India. A revised Land Revenue Settlement has been made. All departments have been reorganised and strengthened. Dispensaries have been opened all over the State, and education has made and continues to make satisfactory advancement. Among the numerous Raj buildings round about the city of Kotah, the Umed Bhawan Palace, is a building of remarkable beauty. Among other public works of special importance, are the Raj Bhawan, Guest House, the Crosthwaite Institute, the Military lines, the Herbert College, the Raghunath Hostel, the Power House and the Water Works outside the city wall; while within it are the Wyllie Memorial, Her Highness Shri Maharani ji Sahiba's Girls School and the City Hospital in the Rampura Bazar, all having sprung up during the rule of the present Maharao Sahib Bahadur.*

## Revenue Department.

27. Munshi Khazan Singhji, Revenue Commissioner held charge of the department throughout the year except for one month and

eighteen days when he was on leave and Pandit Duni Chandji, Assistant Revenue Commissioner, officiated for him.

28. Pandit Duni Chandji, Assistant Revenue Commissioner, worked as a Boundary Officer till the 23rd of March, 1939, after which till the end of the state year he was incharge of Settlement work.

29. Maharaja Amar Singhji, Assistant Revenue Commissioner of the Baran Division, was on leave from the 12th April, 1939, till the end of the state year. During this period Pandit Maharaj Singh, Nazim, acted as Assistant Revenue Commissioner.

30. Munshi Hari Shankerji held charge as Assistant Revenue Commissioner of Ladpura Division, Munshi Debi Lalji of Aklera Division and Babu Ghansham Dasji, B. Ag., of Sangod Division.

31. Munshi Gopi Lal, Nazim, was retired and in this connection Kanwar Chatar Singh, M. A., and Pandit Devki Nandan B. Sc., were confirmed as Naib Nazims, while Pandit Gopi Lal was appointed as a temporary Nazim.

32. The Revenue Commissioner was out on tour for 87 days during which he inspected the work of Revenue, Customs, Excise, Forest, Co-operative and Veterinary Departments and also of the Village Panchayats and Co-operative Banks. He devoted part of his time to the inspection of Bunds, cattle fairs and village sanitation.

33. The Assistant Revenue Commissioner of Ladpura Division toured for 102 days, of Baran 107 days, of Aklera 117 days and of Sangod 34 days.

34. The total area recorded in the cultivators' khatahs during the year under report was 28,38,421 bighas against 27,98,831 bighas during the preceding year. Out of 28,38,421 bighas 96,781 bighas remained either unploughed or unsown due to irregular and deficient rain.

35. The area under kharif crops was 55.5% and under rabi crops 49.5%. From agricultural point of view the year was not quite satisfactory. The rains being deficient the area under cotton, wheat and linseed fell by 37, 24 and 17%. The area under sugar-cane also was only 5,970 bighas as against 8,001 bighas during the last year. Besides, the summer crops in certain villages in the Nizamats of Sangod, Antah, Kanwas, Mangrol and Etawah were damaged by hails. To afford relief to the peasants the Durbar were pleased to grant remissions of land revenue amounting to Rs. 3,92,680/-.

36. The figures relating to the demand and collection for the year under report compared with those of the two preceding years are given below :—

No.	Samvat.	Demand.	Collection by cash or Hundi.	Remission by order or adjustment	Balance outstanding.	Excess collections.	Percentage of Col. 6 on Col. 3.
1	2	3	4	5	6	7	8
		Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
1	1993	32,75,784	29,50,762	3,41,908	1,443	18,329	0.04
2	1994	33,04,714	31,85,689	1,38,305	363	19,643	0.01
3	1995	33,26,322	29,14,679	4,12,387	16,275	17,019	.49

37. The amount of Takavi loan outstanding at the end of the last year was Rs. 2,53,145/- which together with the advance of Rs. 1,68,217 made during the year under report comes to Rs. 4,21,362/-. Out of this amount a sum of Rs. 99,979/- was realized during the year leaving a balance of Rs. 3,21,383. Of the loan given 66% was advanced for purchase of bullocks and 16% for repairs or construction of irrigation wells.

38. There were 33 village panchayats working at the end of the last year. Two of these closed during the year under report, thus only 31 panchayats were functioning at the end of the year. During his tour the Revenue Commissioner explained to the people the usefulness of these institutions, but the fact that the public do not yet take sufficient interest in the panchayats shows that the public opinion requires to be further educated. The total funds of panchayats at the beginning of the year under report was Rs. 14,793/7/3. An income of Rs. 652/8/9 and expenditure of Rs. 1,381/15/9 during the year left the closing balance of Rs. 14,064/0/6.

39. The number of estates managed by the Court of Wards under the Revenue Department was 29 at the commencement of the year. The Court of Wards' administration was withdrawn in case of two estates and nine new ones were put under it. Thus there were 36 estates under the management of Court of Wards at the end of the year. The draft rules of the Court of Wards are under preparation.

40. The most important event of the year was the announcement by His Highness the donation of Rs. 30,00,000/- to constitute a permanent Village Uplift Fund the interest of which would be utilized for works of village welfare. The final report of the Rural Uplift Committee which was appointed last year is now soon expected to come for the consideration of the Durbar.

41. During the year under report the department granted takavi of Rs. 917/- for purchasing bulls to improve the breed of cattle. A loan of Rs. 475/- was advanced for buying three Persian wheels. 26 such wheels are already working. Efforts are also being made to introduce superior quality of seeds of sugar-cane, cotton and wheat. The cotton seeds of Indore and sugar-cane seeds of Shahjehanpur have already become popular. An improved type of oven for preparing 'gur' from sugar-cane was a great success in the Nizam of Khanpur. The department is therefore distributing to the sugar-cane growers handwritten leaflets explaining the type of this improved oven.

42. The two village preachers toured in the districts and exhorted the people to plant fruit trees on the wells, to prepare manure by scientific means and to improve the breed of the cattle by employing good bulls. The Revenue Commissioner reports that as a result of that exhortation some beginning has been made by the peasants in this direction.

43. At the close of the preceding year there were eight veterinary dispensaries at different places in the State. One more dispensary was opened during the year under report. Of these nine dispensaries, seven are under veterinary surgeons and two under compounders. The total number of cattle treated in all these dispensaries was 86,649 as compared with 98,063 in the preceding year. At present three state nominees are receiving veterinary training at Bombay. Munshi Fazlul Rehman, Veterinary Inspector, supervised the work of dispensaries during his tour of 106 days.

44. Munshi Khazan Singhji who was an experienced and efficient Revenue Officer expired on the 8th October, 1939, after a creditable service of 33 years. The Durbar were pleased to appoint Duni Chandji as Revenue Commissioner. The annual report of the department was submitted by the new Revenue Commissioner.

### Co-operative Societies.

45. Babu Ghanshyam Dasji, B. Ag., held charge of the department.

46. The number of days spent in tour by the Registrar and his subordinates is as follows :—

1.	Registrar	...	...	...	...	...	49 days.
2.	Assistant Registrar...	...	...	...	...	...	92 ,,
3.	Inspector Ladpura	...	...	...	...	...	90 ,,
4.	„ Digod	...	...	...	...	..	123 ,,
5.	„ Antah	...	...	...	...	...	99 ,,

6.	Inspector Sangod	...	...	...	...	140 days.
7.	„ Baran ( South )	...	...	...	...	152 „
8.	„ Baran ( North )	...	...	...	...	117 „
9.	„ Kunjer	...	...	...	...	112 „
10.	Girdawar, Khairabad	...	...	...	...	65 „
11.	Inspector Chhipabarod	...	...	...	...	59 „
12.	Girdawar, Kanwas	...	...	...	...	160 „
13.	Girdawar, Chhipabarod	...	...	...	...	59 „
14.	Inspector, Aklera	...	...	...	..	81 „

47. The total expenditure of this department during the year under report was Rs. 28,560/-.

48. The number of co-operative societies at the close of the preceding year was 407. During the year under report 31 new societies were opened and one was dissolved. Thus 437 societies were functioning at the end of the year under report. All these societies are of unlimited liabilities. Besides these there were five seed societies, three State employees' societies and three sweepers' societies working at the close of the year. The 437 societies were distributed as below :—

Ladpura 32, Kunjer 82, Chechat 33, Ramganj Mandi 39, Sangod 31, Kanwas 27, Chhipabarod 12, Aklera 14, Antah 61, Digod 36, Baran 70.

49. The number of members at the close of the last year was 3,081. During the year under report 337 new members were enrolled and 51 expelled. Thus the number left at the end of the year under report was 3,367.

50. The total working capital of the societies at the close of the year was Rs. 9,63,022/8/3 as compared with Rs. 9,84,381/7/- in the preceding year.

The details are as below:—

		Rs.	A.	P.
Balance at the end of the last year...	...	8,23,685	3	0
Excess collections of the past year adjusted				
during the year	... ..	345	15	6
Loan advanced during the year	... ..	1,02,781	11	6
Adjustments from the Reserve Fund	...	1,405	5	0
The amount of shares invested in loan	...	6,861	0	3
The Reserve Fund invested in loan	...	6,994	13	3
Amount of profit invested in loan	...	20,988	7	9
Total	...	9,63,022	8	3

51. The decrease in the working capital is reported to be due to the specially low rate of interest charged by the societies from their members.

52. Out of Rs. 1,31,630/-/3 payable by the members to the Bohras as per claims decided by the Commission an amount of Rs. 14,526/7/6 was paid as compared with Rs- 17,376/14/- during the last year and Rs. 4,671/5/3 was struck off on account of debtors ceasing to be members of co-operative society. This has left a balance of Rs. 1,13,570/9/9 at the close of the year under report. The Registrar complains that the productivity of the soil is declining but the main difficulty is deficient and unevenly distributed rainfall and to some extent the carelessness of the peasants. The Registrar has submitted his proposals for some relief for the consideration of the Durbar.

53. The maximum credit of the societies was fixed at Rs. 4,88,636/- but the amount which the members actually owed to the societies at the close of the year was Rs. 9,26,426/14/6 as per details noted below:—

				Rs.	A.	P.
Balance of last year	...	...	...	8,23,645	3	0
Advanced during the year	...	...	...	1,02,781	11	6
		Total	...	9,26,426	14	6
Realised during the year	...	...	...	98,906	7	0
Balance	...	...	...	8,27,520	7	6

54. The reasons for these excessive figures of outstanding loan as compared with the sanctioned limit are reported by the Registrar to be the same as last year, namely:—

- I. Inclusion in the above total of debts outstanding against the members discharged from the societies.
- II. In case of old societies the excess of loan over their assets due to concealment by the members of loans they owed to Bohras.
- III. Reduction in the assets of the members by death of cattle subsequent to enrolment or striking off of the area of land which could not be cultivated.
- VI. A series of bad years and the slump in the market.

55. The details of the loan advanced by the bank to the members during the year under report are as follows:—

				Rs.	A.	P.
1. For purchase of cultivating rights	...	...	...	1,807	4	0

56. Out of this amount a sum of Rs. 1,02,781/11/6 was advanced as loan to the members of the societies and the rest was spent on the salaries of the clerical staff.

57. The amount of loan advanced by societies to their members and the amount realised during the year under report was as below:—

					Rs.	A.	P.
